MINUTEMAN UPS PRO-E SERIES

- The built-in double-boost and single-buck AVR (Automatic Voltage Regulator) function compensates for broader range of low AC voltage situations like brownouts and sags as well as high AC voltage situations like surges and spikes.
- Independent Battery Bypass™ allows the UPS to provide voltage regulation with surge and spike protection on utility AC power even when batteries are weak or dead
- Includes MINUTEMAN SentryII™ power management and diagnostic
- Integrated USB and RS232 ports for software communications (USB and RS232 cables included)
- 3-Year Parts and Labor Warranty
- \$50,000 MINUTEMAN Platinum Protection Plan® (U.S. and Canada)
